January - April 2018

Dr. Debayana Dhar

Understood the process of research and analysis and then used it to come up with new features for a messaging app

 Devising methods to teach school students basic functioning of banks and passport office Ongoing

Dr. Uday Kumar

The change from school to college can be very drastic considering the work has to be done by students on their own. So the project concentrates on finding a way to make this easier for new college students by prepping them about basic office functioning in schools itself.
